Note! There are 2 different versions (Imperial, Metric) of the e-book. This one is the Imperial version with glossary.

The "My First Project" e-book - available also for Apple iPad - provides you with a step-by-step introduction to the world of design software, called AutoCAD Architecture 2013. Principally it was written for graduates, practicing architects and architecture students. It presents the structure and logic of AutoCAD Architecture 2013 program through the design of a two-story house planning.

This user friendly, illustrated textbook includes more than 950 pictures and detailed glossary. The textbook put an emphasis on showcasing the full potential of the software. Thanks to the practical approach, the users gets more confident in using of AutoCAD Architecture 2013 software. Although it specifically was based on the AutoCAD Architecture 2013 version, it is worth to start the practice with earlier versions of AutoCAD because the book contains relatively few steps that could only be performed by Architecture in 2013.
