Stress Management for Life: A Research-Based Experiential Approach

Stress Management for Life: A Research-Based Experiential Approach

Emphasizes experiential learning and clearly explains the how to of stress management and prevention. Michael Olpin and Margie Hesson offer students more than just a book about stress; they offer students a life-changing experience. This text empowers students to experience personal wellness by understanding and managing stress. The authors encourage students to personalize the information in the text through practical applications and a tool-box of stress-reducing resources, including the stress relief audio files and student activities, both found on the CourseMate Website. Well-researched, this text gives stress-related topics a real-life context and helps motivate students to manage stress in a way that accommodates their lifestyle, values and goals.
