Hotter Than the Average Bear (Werebear Shifter Romance)

Eve Archer

Hotter Than the Average Bear (Werebear Shifter Romance) Eve Archer

Hunters and studs and bears. Oh my! She came for an interview but got so much more!

Aubrey Hathaway didn't appreciate being pulled off her assignment and flying halfway around the world to interview a reclusive billionaire. When he stands her up she's all set to give billionaire Blake Thompson a piece of her mind until she meets a sexy bartender who helps her forget all about her annoyance and the interview.

Sassy and curvy, just the way he likes it. He expected a reporter but got a sexy spitfire instead!

Blake Thompson is desperate to save his people from hunters and even willing to talk to a reporter and potentially reveal the shifter secret of Thompson's Mill. Only he forgets all about his troubles when Aubrey walks through the door and takes his breath away. When she doesn't recognize him he decides to play a little game to see how she reacts to the man and not the billionaire.

Trouble is lurking just around the corner...

It would be a perfect night if not for the hunter who wants everything that Blake has. Including Aubrey. No sooner has he walked in the bar than he's trying to kidnap the intrepid reporter. Lucky for her there's a hulking sexy bear alpha in the room who's taken a liking to her and is very much willing to come to her rescue.

And he's going to get the steamy thanks a true hero deserves as the billionaire in hiding and the curvy reporter come together for a night of intense growling passion!

From reader reviews:

Ryan Pearson:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each book has different aim as well as goal; it means that e-book has different type. Some people sense enjoy to spend their a chance to read a book. They can be reading whatever they get because their hobby is definitely reading a book. Why not the person who don't like examining a book? Sometime, particular person feel need book once they found difficult problem or maybe exercise. Well, probably you will require this Hotter Than the Average Bear (Werebear Shifter Romance).

Susan Belcher:

Playing with family in a very park, coming to see the marine world or hanging out with pals is thing that usually you will have done when you have spare time, after that why you don't try point that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Hotter Than the Average Bear (Werebear Shifter Romance), you are able to enjoy both. It is excellent combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout fellas. What? Still don't understand it, oh come on its known as reading friends.

Timothy Kahle:

Your reading sixth sense will not betray anyone, why because this Hotter Than the Average Bear (Werebear Shifter Romance) publication written by well-known writer whose to say well how to make book that can be understand by anyone who all read the book. Written with good manner for you, still dripping wet every ideas and writing skill only for eliminate your own hunger then you still hesitation Hotter Than the Average Bear (Werebear Shifter Romance) as good book not simply by the cover but also from the content. This is one book that can break don't judge book by its protect, so do you still needing yet another sixth sense to pick this!? Oh come on your reading sixth sense already alerted you so why you have to listening to a different sixth sense.

Ashley Johnson:

As we know that book is important thing to add our knowledge for everything. By a book we can know everything we would like. A book is a group of written, printed, illustrated or even blank sheet. Every year was exactly added. This guide Hotter Than the Average Bear (Werebear Shifter Romance) was filled about science. Spend your extra time to add your knowledge about your scientific disciplines competence. Some people has different feel when they reading some sort of book. If you know how big good thing about a book, you can really feel enjoy to read a book. In the modern era like right now, many ways to get book that you simply wanted.
