Dystopian romance and paranormal adventure collide in this wasteland odyssey of vampires, road warriors, and a super-powered sexual predator.

The world as we know it has changed, altered forever during an event the survivors now call the Witching Hour. It was a time when vampires, the walking dead, and worse emerged from the shadows and threw global society into apocalyptic disarray. There are other beings in this brave new world, known as Powers, who manifest a wide array of supernatural abilities, making them heroes to some and gods to others. Cassandra is one such being, with the ability to control life-force energy through sex, and she must use all of her talents as a lover and a fighter in an attempt to rescue the daughter of a handsome stranger from the clutches of a wasteland vampire cult.
