**"Proper words in proper places, make the true definition of style," Jonathan Swift said. This guide show you how to put the proper words in the proper places**

Once you master all the basics -- building clear, vivid sentences and paragraphs, grammar, editing -- you can think about style.

Style puts your special stamp on your writing. You might be as straightforward as an old-fashioned newspaper reporter or as ornate as Tom Wolfe. But your style makes a statement about your values and skill.

In the concise how-to guide "Writing With Style," author Charles Euchner shows you, step by step, shows you how to.

- Tap into life's natural rhythms.
- Help the reader to feel.
- Help the reader to see.
- Help the reader to hear.
- Use metaphors to show underlying similarities.
- Use similes to show similarities, casually.
- Riff to discover and express ideas.
- Remember that "good is great."
- To get playful, think like a child.

"Writing With Style" shows you how to perfect these skills with case studies of classic and modern writing, including Abraham Lincoln's Gettysburg Address, Mark Twain's "Life on the Mississippi," Scott Russell Sanders's "Under the Influence," John Updike's "Rabbit, Run," Rick Reilly's sports journalism, memoirs and essays of Thomas Lynch, Roy Blount's "Alphabet Soup," and Tom Wolfe's "From Bauhaus to Our House."
