Born to be the Alpha, the circumstances of his birth were cause for concern to his pack. As he grew, his love for the human race and his preference for solitude only served to distance him from them further.

Cain didn't care for the pack life. He travelled and kept himself away, pursuing the things he loved. Leaving his pack in the hands of those more capable than himself. Not concerned by the gossip and rumours surrounding him. Raised with the knowledge that he was special, he embraced his quirks and quietly set about proving his worth in his own unique and often humorous way.
