Este libro contiene unos ejemplos prácticos para la predicación como un medio de cuidado pastoral. Hemos incluido en esta edición una serie de sermones dirigidos a proveer herramientas desde la perspectiva bíblica para manejar y superar las situaciones de crisis.

"La predicación es una de las herramientas más poderosas de la iglesia. De hecho, la misma nace el día de Pentecostés cuando se predica por primera vez que la salvación se encuentra en Jesús de Nazaret, el Cristo. Esa salvación es integral, es decir, abarca la totalidad del ser humano. Descuidar la predicación hace estragos en las congregaciones si además del kerygma no se atiende el mundo interior de las personas. Aun las personas que asisten a la escuela bíblica piensan que Dios les habla más directamente a través de la predicación. Por ser este un recurso muy valorado por las congregaciones nos da la oportunidad de ayudar a toda la comunidad de fe. Con estas preocupaciones en mente, los doctores Samuel E. Pérez Rivera e Ivelisse Valentin Vera hacen una magnífica aportación al ministerio de la predicación al relacionar el mismo con el cuidado pastoral. Su excelente trabajo es una gran ayuda para la pastoral que se puede hacer desde el púlpito."--Rev. Denis Soto Hernández Ph.D.
