Reclaiming the Commons for the Common Good Heather Menzies

Commoning was a way of life for most of our ancestors. In *Reclaiming the Commons for the Common Good*, author Heather Menzies journeys to her roots in the Scottish Highlands, where her family lived in direct relation with the land since before recorded time.

Beginning with an intimate account of unearthing the heritage of the commons and the real tragedy of its loss, Menzies offers a detailed description of the self-organizing, self-governing, and self-informing principles of this nearly forgotten way of life, including its spiritual practices and traditions. She then identifies pivotal commons practices that could be usefully revived today. A final "manifesto" section pulls these facets together into a unified vision for reclaiming the commons, drawing a number of current popular initiatives into the commoning frame, such as local food security, permaculture, and the Occupy Movement.

An engaging memoir of personal and political discovery, *Reclaiming the Commons for the Common Good* combines moving reflections on our common heritage with a contemporary call to action, individually and collectively; locally and globally. Readers will be inspired by the book's vision of reviving the commons ethos of empathy and mutual respect, and energized by her practical suggestions for connection people and place for the common good.

Heather Menzies is an award-winning writer and scholar and member of the Order of Canada. She is the author of nine books, including *Whose Brave New World?* and *No Time*.

From reader reviews:

Donna Davis:

Book is actually written, printed, or illustrated for everything. You can understand everything you want by a e-book. Book has a different type. As we know that book is important factor to bring us around the world. Close to that you can your reading expertise was fluently. A book Reclaiming the Commons for the Common Good will make you to always be smarter. You can feel a lot more confidence if you can know about almost everything. But some of you think this open or reading the book make you bored. It is not make you fun. Why they might be thought like that? Have you looking for best book or appropriate book with you?

Gary Williams:

Book is to be different for every grade. Book for children until adult are different content. As it is known to us that book is very important usually. The book Reclaiming the Commons for the Common Good has been making you to know about other knowledge and of course you can take more information. It is very advantages for you. The book Reclaiming the Commons for the Common Good is not only giving you much more new information but also to become your friend when you experience bored. You can spend your own spend time to read your e-book. Try to make relationship together with the book Reclaiming the Commons for the Common Good. You never really feel lose out for everything should you read some books.

Christopher Hendrick:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Reclaiming the Commons for the Common Good can make you feel more interested to read.

John Davis:

What is your hobby? Have you heard which question when you got scholars? We believe that that issue was given by teacher for their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person including reading or as reading through become their hobby. You must know that reading is very important in addition to book as to be the point. Book is important thing to add you knowledge, except your personal teacher or lecturer. You get good news or update concerning something by book. Different categories of books that can you choose to use be your object. One of them is actually Reclaiming the Commons for the Common Good.
