Rethinking Knowledge Management: From Knowledge Objects to Knowledge Processes (Information Science and Knowledge Management)

Rethinking Knowledge Management: From Knowledge Objects to Knowledge Processes (Information Science and Knowledge Management)

This book readdresses fundamental issues in knowledge management, leading to a new area of study: knowledge processes. McInerney's and Day's superb authors from various disciplines offer new and exciting views on knowledge acquisition, generation, sharing and management in a post-industrial environment. Their contributions discuss problems of knowledge acquisition, handling, and learning from a variety of perspectives.
