**Reality sucks. Make-believe rocks.** That's been Fate Floyd's motto for as long as she's been a fantasy geek. But now she can hardly tell what's real and what's not. She's been spelled and mysteriously trapped within a deadly fairy tale world bound by the Book of Fables. Her only way home is to travel through the book's 8 unfortunate fairy tales and change them into happily-ever-afters. And if dealing with scheming sorceresses, greedy goblins and heartless faeries isn't enough to test her sanity, there's Finn. The Scottish boy who looks like he stepped straight out of her dreams. Fate wants to believe in her own happy ending, but the reality is, her road to freedom isn't straight and danger lurks around every bend.

**The Goblin Queen:** *The third unfortunate fairy tale in the Book of Fables.* Fate's been keeping a secret from Finn. When she finally tells him, the truth shatters his world. Meanwhile, they must find the swamp goblins' healing goblet to save a young girl's mother before a sorceress takes it. When Finn tries to stop the sorceress, she poisons him with an evil that begins to grow in him. Will Fate find a cure before he succumbs to the darkness?
