**The Oxford Handbook of Political Theory (Oxford Handbooks of Political Science)** John S Dryzek, Bonnie Honig, Anne Phillips

Long recognized as one of the main branches of political science, political theory has in recent years burgeoned in many different directions. Close textual analysis of historical texts sits alongside more analytical work on the nature and normative grounds of political values. Continental and post-modern influences jostle with ones from economics, history, sociology, and the law. Feminist concerns with embodiment make us look at old problems in new ways, and challenges of new technologies open whole new vistas for political theory.

This Handbook provides comprehensive and critical coverage of the lively and contested field of political theory, and will help set the agenda for the field for years to come. Forty-five chapters by distinguished political theorists look at the state of the field, where it has been in the recent past, and where it is likely to go in future. They examine political theory's edges as well as its core, the globalizing context of the field, and the challenges presented by social, economic, and technological changes.

#### **Erica Futch:**

Is it anyone who having spare time then spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This The Oxford Handbook of Political Theory (Oxford Handbooks of Political Science) can be the response, oh how comes? It's a book you know. You are and so out of date, spending your free time by reading in this new era is common not a geek activity. So what these textbooks have than the others?

#### **Annmarie Windham:**

As a student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some guide, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the educator want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The Oxford Handbook of Political Theory (Oxford Handbooks of Political Science) can make you sense more interested to read.
