The Single Life - A Tale Of Mastering Cold Approach Pickup Jrkoff George (PUA George Washington)
Learning how to master cold approach pickup has been one of the most challenging activities that I've ever attempted in my life. Being successful at the game is something that only happens to a very small percentage of guys who attempt it, because it is not meant to have a high success rate; in fact it is meant to fail. Why? Because if the game was easy, it wouldn't be a game; it would be a joke. Walking up to incredibly gorgeous women and abruptly interrupting their conversation to begin a new one is extremely arduous and even a bit weird. Normal people do not participate in this activity but then again, normal people have not had the dating life that I've had.

While it has been difficult, at the exact same time it has been the single most rewarding experience in my life. Not only has it improved my skills with women and gotten me laid, but my overall interpersonal skills have improved vastly. I've also even gotten into better shape, given that on any Saturday or Sunday, I'll be out for hours at a time walking the streets of New York looking for beautiful women to meet. However, when you approach that many women shit happens. This is the story of what happened; this is *The Single Life* by George Washington.

**** Chapter 1 ****

“Kanye West is here.”

I could barely hear what she was saying over the pounding music. The bass was so loud I could feel my rib cage rattling.

“Who's here?” I questioned.

She turned away from her friend to look at me. I was standing a few feet away from her, so she leaned over to speak directly into my ear.

“I think Kanye West is here,” she shouted.

“Oh that's awesome,” I responded looking back at her. Her dark black hair was covering half of her face but it couldn't hide the enormous smile that was forming. There was a

gleam in her eye, unlike anything I'd ever seen.

Earlier that night my friends and I arrived at one of our usual bars in New York's Meatpacking district; famous for some containing of some of New York's most exclusive night clubs, on this particular night we

were far from a high end night club. While it wasn't anything near a dive bar, it wasn't too far from it. But like a lot of things in life, it is all about the location; and this bar's location was absolutely perfect for finding the "run-off" of beautiful women who frequented this area of New York. Specifically, on any given weekend two things would happen: early on in the night there would be a surplus of those who had arrived too early for the night clubs, which don't get going until about 11:30pm. In this case they would wander over to this particular bar while they waited for the clubs to get going because it was right down the street. The second would be the steady flow of those who couldn't get in to the club for whatever reason and ended up at this bar because they were trying to salvage their night.

Similar to the type of venue we were in, I wasn't feeling amazing, nor was I feeling terrible. Probably the best way to describe it would be to say that I was feeling relaxed, in a nice cool and calm state of mind. The usual chatter of the bar was taking place when I noticed her. She was standing close to the bar, but I couldn't tell who she was speaking with. As I tried to get a better look at her, I really began to notice just how incredibly beautiful she was. She had jet black hair, stood about 5' 7" and had a very particular look on her face. It was one that can only be described as, "I'm too good to even been in this venue". It was obvious to me that given the time, location and her facial expression, this bar was not her final destination for the night.

As I began to walk towards her, I hesitated slightly, but I still made my way through the crowd...
