## Torrid - Book Two -- The second, searing hot installment in the Torrid Trilogy

*How far would you go to save someone you love?*

*Tora* - I play a dangerous game. I know this. I have to play the part of Seth's dutiful wife in order to bring him down. At the same time, I can't stay out of his brother's bed. Being with Jack is the only thing in my life that feels real...the only thing that *feels* at all. Jack sees me for who I really am and wants me anyway. I can't tear myself away from him even though he could rip my world apart. But if Seth ever finds out, he'll destroy me and the one chance I have of setting myself free from him forever.

*Jack* - Tora is one thing to the rest of the world. To me, she's everything. Only I know all of Tora's deepest secrets, her darkest desires. Only I share them with her. I should walk away before she starts to see into mine. Because when she does, I might lose her forever.

*Crossing that line is the easy part. Staying there can break you.*
