As a Debunker, Chess Putnam is used to investigating reports of suspected hauntings and sending ghosts back to the City of Eternity beneath the surface of the earth. What she isn't used to is having suburban housewives refusing to acknowledge the presence of ghosts in their homes. There are lots of reasons why someone might harbor a spirit, and none of them are good.

At least Chess has Terrible on her side. But things are never as black and white as they seem, especially not when love is involved, and Chess finds herself making a decision she never thought she'd make.
