#### An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi **LAN comparison** Kevin T. Reynolds

Are all Wireless LANs equal? A network administrator is faced with a plethora of wireless services, complex radio issues, and products for wireless data. There are brand new protocols and products that could become obsolete a day after installation! Over 40% of all deployed WLANs do not even have minimum security activated, exposing the company's network and records to easy outsider access. The WLAN industry is characterized by rapidly changing, incomplete or proprietary standards, which can impact interoperability goals. There are complicated ownership costs, performance limitations, and security configurations that exist for WLANs which many network administrators may not understand or know how to compare. This dissertation presents a decision support system (DSS) that enables a novice network administrator to compare WLAN protocol capabilities, rank security configurations, rate IT cost efforts and use an extensive feature list. An in-depth discussion, concerning WLAN protocols, virtual private networks (VPNs), various encryption algorithms, 802.1X authentication mechanisms, and compilation of network selection criteria provides the foundation to construct a small DSS to aid WLAN network administrators. The DSS environment allows a number of specific what-if scenarios to be reviewed and compared; multiple solutions can be tried without having to deal with the consequences. Alternative technologies are listed by the DSS to educate the decision maker about other options.

#### From reader reviews:

#### Jess Cooke:

Have you spare time for any day? What do you do when you have much more or little spare time? Yeah, you can choose the suitable activity regarding spend your time. Any person spent all their spare time to take a walk, shopping, or went to often the Mall. How about open or read a book allowed An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi LAN comparison? Maybe it is to become best activity for you. You understand beside you can spend your time using your favorite's book, you can smarter than before. Do you agree with its opinion or you have other opinion?

#### **Samuel Brown:**

As people who live in typically the modest era should be change about what going on or details even knowledge to make all of them keep up with the era and that is always change and move forward. Some of you maybe will certainly update themselves by looking at books. It is a good choice for you personally but the problems coming to you is you don't know which one you should start with. This An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi LAN comparison is our recommendation to help you keep up with the world. Why, because this book serves what you want and need in this era.

#### Willie Quinones:

E-book is one of source of know-how. We can add our knowledge from it. Not only for students but native or citizen have to have book to know the upgrade information of year for you to year. As we know those textbooks have many advantages. Beside most of us add our knowledge, may also bring us to around the world. From the book An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi LAN comparison we can consider more advantage. Don't you to be creative people? For being creative person must like to read a book. Simply choose the best book that suited with your aim. Don't always be doubt to change your life by this book An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi LAN comparison. You can more appealing than now.

#### **Russell Fielder:**

Reading a reserve make you to get more knowledge from it. You can take knowledge and information from your book. Book is prepared or printed or outlined from each source that filled update of news. In this particular modern era like currently, many ways to get information are available for you actually. From media social just like newspaper, magazines, science e-book, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just searching for the An IT and Security Comparison Decision Support System for Wireless LANs: 802.11 infosec and WiFi LAN comparison when you required it?
