Lysbeth, a Tale of the Dutch (H. Rider Haggard Collection) H. Rider Haggard

Dodo Collections brings you another classic from H. Rider Haggard, 'Lysbeth, A Tale of the Dutch'.

Lysbeth: A Tale of the Dutch is a 1901 novel by H. Rider Haggard. This tale of the persecution of the Protestant Dutch by their Spanish oppressors was very well written and gave one a good grasp upon the historical figures and events of the time.

H. Rider Haggard — was an English writer of adventure novels set in exotic locations, predominantly Africa, and a pioneer of the Lost World literary genre. He was also involved in agricultural reform throughout the British Empire. His stories, situated at the lighter end of Victorian literature, continue to be popular and influential.

His novels portray many of the stereotypes associated with colonialism, yet they are unusual for the degree of sympathy with which the native populations are portrayed. Africans often play heroic roles in the novels, although the protagonists are typically European (though not invariably). Notable examples are the heroic Zulu warrior Umslopogaasi and Ignosi, the rightful king of Kukuanaaland, in King Solomon's Mines. Having developed an intense mutual friendship with the three Englishmen who help him regain his throne, he accepts their advice and abolishes witch-hunts and arbitrary capital punishment.
