**Natural Law in Political Thought** Paul E. Sigmund

**Originally published in 1971 by Winthrop Publishers, Inc.,** this volume provides a discussion and analysis of the theory of natural law as it appears in contemporary political and social thought. This theory of natural law was used from the fifth century B.C. until the end of the eighteenth century to provide a universal, rational standard to determine the nature and limits of political obligation, the evaluation of competing forms of government, and the relation of law and politics to morals.
