Farmer Brown has a bunch of Sacred Cows...

The interesting thing about Sacred Cows is that each one thinks it is the most important so Farmer Brown has to keep them in different fields side by side with a double fence between each one because if they get too close to each other they try to bite and kick each other.

Sacred Cows are those beliefs that we have come to accept as reality because parents, educators, religion and society have told us this is true. We have made our Sacred Cows untouchable and yet with all the new information and discoveries that are being presented in society today our Sacred Cows are coming under so much pressure.

Volume 1 presents a way to remove the fences between our Sacred Cows and Money and allow them to begin to mingle and dance together. We have Sacred Cows about ourselves, about health, about relationships, about the world and the very big Sacred Cow around finances. Volume 1 is about getting our Sacred Cows and money to dance in a way so that everyone gets happy.
