Flying Bras and... Sam A Saxon

This is all the wrong way round. Normally people get famous for doing something and then make lots of money from their autobiography. You've never heard of Sam but she went and wrote her autobiography anyway, mostly to make people laugh.

You'll quickly learn that she has two life changing disabilities. Bone idle slobbishness definitely came first but there is this MS thing that is annoyingly difficult to ignore. This book is her story in her voice about how she deals with both problems (frequently ignoring the first) and uses her humour, her stubbornness and her brain to make sure no-one will say she got left behind.

25% of the royalties from the book will be donated to MS-UK (www.ms-uk.org)

Praise for 'Flying Bras and...'

Probably the best autobiography of someone you have never heard of that you will ever read.

The author's mother

Frankly if that's the most I've ever done to embarrass her I feel like I've failed.

The author's father

Witty, intelligent, full of personality and gorgeous.

A man the author met who knows what's good for him

A brilliant read written by a woman about her exceptional life. Definitely not 'chick lit' or annoyingly 'worthy'.

A famous book critic who exists only in the author's mind
