Mastering a skill implies a burst of inspiration to spark the practice process, continuous motivation to keep getting better, supportive surroundings and the proper tools for excellent guidance. Along the learning process we may feel that there are more topics to study, memorize and execute than we could ever grasp in a desirable period of time. We don't. What we do need is to identify and familiarize ourselves with the core principles that govern the field. RHYTHM GUITAR FUNDAMENTALS focuses on those vital few musical principles and practical elements that allow both aspiring and professional musicians to play, memorize and improvise on any given song. This series is not about strenuous, unproductive or unmanageable loads of detailed transcriptions of a song. RHYTHM GUITAR FUNDAMENTALS is about maximizing the learning musical process, enhancing memory retention and practical execution. In "Volume 1 – The Songbook" learn more than one hundred Rock, Blues, Pop and Jazz tunes by practicing chord shapes, musical figures, scores and tablatures, rhythmical patterns, picking and fingerings, melody chord arrangements, riffs and licks from your favourite bands. In "Volume 2 – The Chord Book: Rhythmic Patterns" learn the major and minor chord/scales, seventh chords and inversions, drop 2, drop 3 and diatonic voicings. Also master, combine and vary rhythmic patterns from the Jazz, Funk, Bossa Nova and African music language. FOREWORD The transcriptions presented in the RHYTHM GUITAR FUNDAMENTALS series used the original songs audio sources as the exclusive base of work. This allowed the final result to be reliable, precise and trustworthy. Likewise, multiple musical elements have been identified and explained to its essence, following "Pareto's Law" (The 80/20 Rule): "80% of your results comes from 20% of your time and effort". Following the title or song name there is an identification of the actual performer of the analysed and transcribed version of the song, not the original composer. An updated and complete playlist of the material in this book is provided on Nuno Marinho's [www.Spotify.com](http://www.Spotify.com) playlist RHYTHM GUITAR FUNDAMENTALS. Have fun and work your way to excellence.
