ABOUT THE BOOK Honed on the battlefields of politics, knee deep in community involvements testing her theories of things which work to positively impact citizens, Dr. Ada M. Fisher in this book uses a family practitioner's record keeping format to better illustrate the impact of issues on society. She brings to these concerns informed commentary on best practices aimed at addressing critical national and state problems. From this, solutions are deduced which will work better to serve the masses. Common Sense Conservative Prescriptions Solutions for What Ails Us is not what one might initially think; especially when one takes the term conservative out of too many preconceived assumptions of what that means. The points in the definition of the word conservative reflects the heart and wisdom of those who have labored in life's vineyards from the grass roots of the community to the economic small business engines of barber shops to the learning incubators of our classrooms and others struggling to be heard. The Tea Party people are but one many voices representing those who are "fed up" with business as usual and want real solutions. Some of these are provided through this work which is based on best practices, commonalities and fairness through which most will have buy-in.
