Options Futures and Other Derivatives with CD 8th Global Edition John C. Hull

8th Global Edition with DerivaGem CD Package. Maybe printed on lower quality paper. Pictures maybe grayscale. No color. Global editions are usually printed overseas but they have the exact same content. Designed to bridge the gap between theory and practice, this introductory text on the futures and options markets is ideal for those with a limited background in mathematics. The eighth edition has been updated and improved-featuring a new chapter on securitization and the credit crisis, and increased discussion on the way commodity prices are modeled and commodity derivatives valued.
