Grapefruit Pips, With Commentary Joan Harthan

'**Grapefruit Pips, With Commentary**', is the second edition of an illustrated book of wise, and sometimes weird, pronouncements. Born from dreams, written in metaphorical dream language, and inspired by Yoko Ono's book '*Grapefruit*', it traces the steps taken on a journey towards living life to the full. Your journey may be different but you may find some inspiration here. Each page is a meditation on life, written using the language of dreams.

It will make you smile, it may even make you laugh, but it will also make you think about your own life and the road you are travelling.

Like Yoko Ono's book '*Grapefruit*', '**Grapefruit Pips, With Commentary**' would have benefited from an introduction by John Lennon, sadly it was published too late for that. In his absence, the book is dedicated to anyone who is willing to plant grapefruit pips.

This edition includes commentaries that expand and amplify the messages in the first edition of **Grapefruit Pips**. The commentaries reflect the thoughts and ideas of the author at the time of writing and will not detract from the reader's own interpretation of the messages.

Kindle readers please note: Although this digital edition is published in full colour, the illustrations may be displayed in monochrome on older Kindle devices.
