*I'm falling in love with him. It's way too soon. I can't let that happen, at least not yet.*

## **Alexandria**

That man is going to drive me crazy. Sometimes I feel like everything I do is wrong. I know I'm unconventional in a lot of ways, but I can't help how I feel. Now I have an even bigger problem... the truth. If he ever finds out my secret, the one I've only shared with my best friend Allison, I'll lose him forever.

## **Chance**

That girl is going to drive me crazy. I've done everything a guy can do, but sometimes it feels like my best isn't good enough. The guys at the station keep prying to find out who my mystery girl is. For now, it's my secret. They can all find out at the Firemen's Ball... if we're still together by then.

*Sparks ignite, tension soars, and passion erupts. Can they both keep their cool long enough to win their heart's desire? Or is the fire between them too hot to keep them holding on?*

## **Interview with the Author**

### **What Makes the Big City Heat Series Special?**

This series is special to me for several reasons. I set out to write a firefighter romance series about an alpha chief who ran a tight ship, and Chance was born. While I was mulling through the story in my head, the character of Alexandria came along. I suddenly had a strong female heroine to keep him on his toes.

More than anything I wanted the series to reflect real life situations that people sometimes find themselves in, while still keeping it an enjoyable read. At the same time, it's full of action, suspense, and romance – the kinds of things that keep me turning the pages.

### **What Order Should I Read the Books In?**

Big City Heat is a serial. To get the most out of your reading experience its best to read them in the following order:

- Light My Fire
- I'm On Fire
- Ring of Fire

There may be more titles coming in the series depending on where the characters take me. Maybe Chance and Alexandria have more of their story to tell, or maybe one of the other characters in the station house will

warrant a spin-off in the series.

### **Why Should I Buy This Book?**

If you love firemen and you're looking for a romance with twists and turns, this is it. There's action, drama, love, and the list keeps going.
