The Octonauts and The Only Lonely Monster Meomi

The books that launched the hit cartoon!

"Meomi's character design is terrific. But their books, especially their first book, are more than that...I love it, and more importantly, my son loves it and asks for it at bedtime." - Super Punch

"*The Octonauts: And the Only Lonely Monster* has become a new favorite here. The story follows the path of the adorable, underwater Octonauts who come under attack from a sad, lonely monster and later help the creature find others like it under the sea. A smarter person would say there's a perfect allegory buried beneath the pages -- something about how bullies have fears like everyone else and how wonderful it is to be unique. But I always find myself just getting lost in the illustrations by team Meomi....It's great to find a book that appeals to both kids and adults -- even if the appeal is for different reasons....In other words, these are the best. children's book. animals. ever. I can't get enough of them...I can read this book for hours -- and have." - SFGate.com
