## **Volume Ii: Since 1500: Volume of ...Bulliet-The Earth and Its Peoples: A Global History, Brief Edition**

Richard Bulliet, Pamela Crossley, Daniel Headrick, Steven Hirsch, Lyman Johnson, David Northrup

The Earth and Its Peoples is a truly global text that employs a fundamental theme to compare different times, places, and societies: the interaction of human beings and the environment. Special emphasis is given to technology (in its broadest sense) and how technological development underlies all human activity.

Highlights of the new second edition include: - New! Several content changes have been made to the 2e:

New coverage of the early Americas in Chapter 3 More coverage of both medieval and modern Russia More

coverage of Meiji Japan and Latin America in the 20th century More coverage of the Renaissance and

Enlightenment Improved treatment of the Industrial Revolution The last 5 chapters on the 20th century have

been reorganised for better chronological flow - New! Chapter-opening vignettes are now followed by 2-4

focus questions, alerting students to key ideas and themes in the chapter. - New! Chronology for each

chapter, helping students to see at a glance what was happening in these disparate regions during the same

time period. - New! Key Terms are boldfaced in the text, and revised Glossary at the end of the book

including all Key Terms and their definitions. - Revised Part-opening essays have been trimmed down to

about 380 words and are accompanied by a corresponding world map and a redesigned timeline. - New!

"Primary Source" features, which poses questions for analysis and encourages students to closely evaluate

primary source excerpts.
