American Trade Politics and the Triumph of Globalism (Foreign Policy Analysis) Orin Kirshner

A deep and unresolved tension exists within American trade politics between the nation's promotion of an open world trading system and the operations of its democratic domestic political regime. Whereas most scholarly attention has focused on how domestic politics has interfered with the United States' global economic leadership, Orin Kirshner offers here an analysis of the ways in which U.S. leadership in the arena of global trade has affected American democracy and the domestic political regime.

By participating in multilateral trade agreements, the U.S. Congress has transferred its trade policymaking authority to the president and, through international trade negotiations, from the American state to the GATT/WTO regime. This reorganization of policymaking authority has resulted in the "triumph of globalism," and fundamentally alters the citizen-state relationship assumed in democratic theory. Kirshner illustrates this process through four case studies: The Reciprocal Trade Agreements Act of 1945, The Trade Expansion Act of 1962, The Trade Act of 1974, The Omnibus Trade and Competitiveness Act of 1988, and further examines the impact of the Uruguay Round Agreements Act of 1994 on the political and institutional structure of American trade politics up to the current period.

American Trade Politics and the Triumph of Globalism makes a significant contribution to the study of both international trade and domestic American politics. This is essential reading for students and scholars of trade policy, international political economy, American politics, and democratic theory.

Deborah Anderson:

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the teacher want, like asked to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this American Trade Politics and the Triumph of Globalism (Foreign Policy Analysis) can make you really feel more interested to read.
