Gore Vidal has been entertaining, and occasionally outraging, the American public for fifty years. In the course of his long career, Vidal has set new intellectual and artistic standards for American historical fiction and has also established himself in the first rank of contemporary social satirists. This is the first full-length study to include Vidal's most recent novels and the first designed to meet the needs of the general reader as well as students of contemporary literature. It includes discussions of *Lincoln*, *Empire*, *Hollywood*, and *Live from Golgotha*, as well as his earlier novels. Baker and Gibson show that while Vidal's novels are tremendously entertaining, they are also serious examinations of a recurring theme--the decline of the West in general and the decline of the United States in particular.
