If I Knew Then . . . Amy Fisher, Robbie Woliver

One of the most recognized names in America, Amy Fisher--now thirty and a happily married mother and award-winning journalist--finally tells the true story in her own words and includes many never-before-seen photographs. Amy writes candidly of her childhood, her relationship with Joey Buttafuoco, the shooting, life in prison, parole, and how she has pieced her life back together again. It's both a chilling cautionary tale and an intensely personal and truly inspirational story of remorse, rehabilitation, and redemption.
