You want to know the Easy Part first. Confused? Don't be. Walk with me: The Major Key to Training Your Labrador Retriever is: How to Communicate Like a Labrador Retriever. In order to communicate with anyone, you both need to be thinking in the same language. Once you got that down, all the hurdles drop out of sight while your training goals appear in place of them, making the dog training experience seemingly effortlessly in comparison. Thinking alike comes first, then follows communication. So what exactly is thinking? When thinking to ourselves, we ask ourselves questions and answer them in our head. That is what 'thinking is'. Communicating is simply thinking out loud with others by asking and answering questions with them as the Icebreaker to understanding one another. This thinking and then the communication thing we do together as humans, Is simple to us. Humans can communicate with other humans easily and without consciously trying to speak correctly. It is natural. Even so, if one human does not speak the other human's language, frustration overrides the process, difficulties loom larger and success is now unattainable. Thinking like a human while speaking to a dog who is thinking like a dog, well, there's today's challenge. It is the gap that between you and your Labrador Retriever success, that which must be adjoined first in mutual understanding. Quickest way; is to learn your dog's language first. Asking him to learn English first will never work because you will be asking him in human English which he does not understand to begin with. Dogs are not nearly as complex in the head as we humans are. And this is why we must give-in to learning their language first. Question is now: How to speak in Labrador Retriever? Answer: It is called 'Dogmanship' Dogmanship is the human ability to effectively communicate with your dog, by learning his language, and how he thinks, reacts and communicates with other dogs. Using this ability to communicate in the way your dog understands you fully to effectively train your dog in the easiest, quickest most wonderful life changing ways imaginable.
