*A Course in Miracles* teaches that the entire physical universe is a gigantic "miscreation." How, then, are we to live the Course, given both our acceptance of this metaphysical teaching and our daily preoccupation with bodily needs? This challenge is the core of the discussion on this 3-CD set (2hrs. 39 mins.), which includes a review of the important concept of magic. Proceeding from the principle that the purpose of the world is "the healing of God's Son," the class unfolds the Course's gentle path of helping us solve external problems through internal means, meaning the recovery of our identity as minds not bodies. Thus, our focus shifts from the external concern to the internal choice of teachers. Choosing Jesus or the Holy Spirit enables us to approach external problems without guilt, anxiety, fear, conflict, or pressure, which can then make us much more efficient in solving external problems. The goal, however, is always the undoing of our belief in separation whatever the form in which it is expressed.

*Forgive yourself your madness, and forget all senseless journeys and all goal-less aims. They have no meaning. You can not escape from what you are. For God is merciful, and did not let His Son abandon Him.*
