Back in print with exciting new content from one of the leading spiritual theorists in the world, *The Silent Pulse* uses quantum physics to explore how the human body and mind are made up of rhythmic waves and how measurable vibrations touch us emotionally and creatively. George Leonard takes readers on a search of self-discovery and a journey into the limitless possibilities of human potential.

Drawn from scientific theory and research, particularly from modern quantum physics, *The Silent Pulse* is a major contribution to understanding fundamental human paradoxes and possibilities uncovered through the personal experiences of ordinary and extraordinary people.
