The Secret History of Consciousness: Ancient Keys to our Future Survival Meg Blackburn Losey Ph.D.

Through a series of personal crises, seekings, and synchronistic events, Dr. Meg Losey learned to channel wisdom from Masters from the past, the present, and off planet and learned this basic truth: “Reality isn’t happening to us—we are happening to reality. We really do create our experiences, and we can change them at any time by changing our perceptions. We are the consciousness within the living One.” In this new book, she shares her dramatic, personal story. She weaves her story with information from her “Guys” as she came to fondly call her otherworldly teachers. She invites us to open our minds and hearts to the meaning of our shared and hidden history—including Atlantis, Lemuria, pyramids, off planet events that affect us, and more. She presents simple meditations that will allow each and every one of us to become conscious of the change we are creating together.
